TRES ANNI

Presented to
Miss Holcombe
by the Press Assn. 1966

Presenting . . .

the

1966 TRES ANNI

Published by
The Tres Anni Staff
School of Nursing
Medical College of
South Carolina
Charleston, S.C.

FOREWORD

This we remember . . .

Three years at the School of Nursing of the Medical College of South Carolina; three memorable years which are only the beginning of a life of service. Memories of 'ole MCSC will never be dusty with the sands of time but will live forever in the hearts and souls of each of us.

Although unique to each individual, these memories share a mutual bond binding us in unity and strength to one another.

It is hoped by the Tres Anni Staff that in the following pages, there will be something that will make you say . . . "Yes, this I remember . . ."

THIS WE REMEMBER . . .

Miss Virginia Holcombe, R.N., B.S., M.S.

DEDICATION

Through the years, we shall remember your unforgettable smile, your great enthusiasm, and your sincere concern for us, the students of MCSC.

As we face each challenge and trial of tomorrow, we shall never forget these words . . .
"Girls, are there any earth shaking problems?"

Therefore it is to you, Miss Virginia Holcombe, that we proudly dedicate the 1966 Tres Anni, knowing full well that we shall always remember you - the nurse, the teacher, the friend.

FACULTY and ADMINISTRATION

WILLIAM M. McCORD, Ph.D., M.D.
President, Medical College of South Carolina

William McCord, President of the Medical College of South Carolina, graduated from Oberlin College with an A.B. degree, from Yale University with a Ph.D. degree in Chemistry and from Louisiana State University with an M.D. degree. He served an internship at Charity Hospital in New Orleans.

He taught in the Louisiana State University Medical School for eleven years in the Biochemistry Department. In 1942 he went into the Army in the Medical Corps for about four years serving in the United States and as a transport surgeon on the high seas. In late 1945 he was appointed Professor of Chemistry and head of the department at the Medical College of South Carolina. He has been privileged to teach many of the physicians now in practice in South Carolina and also in Louisiana.

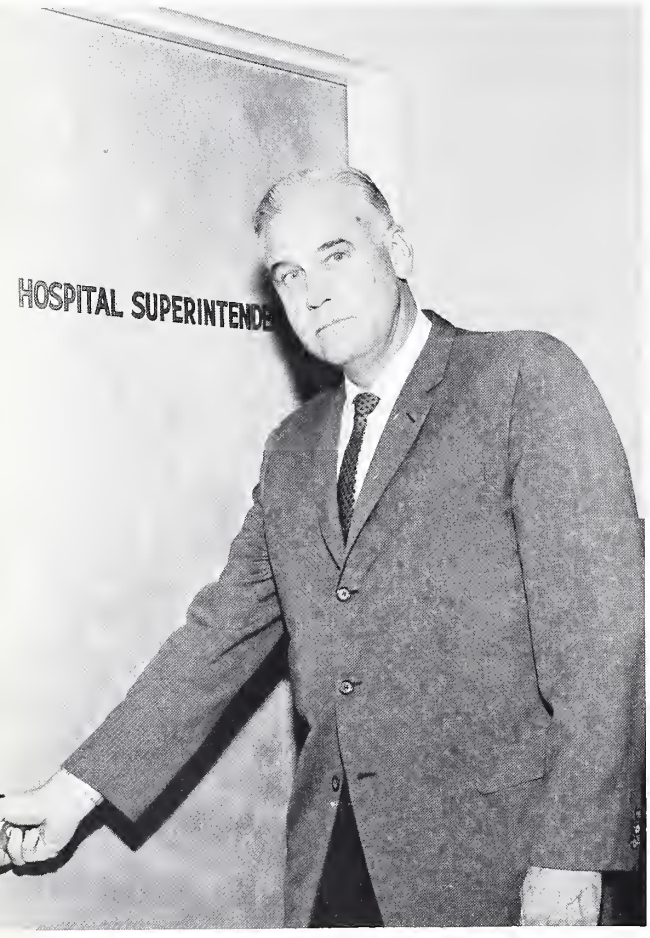
Dr. McCord has served as President of the Charleston County Medical Society, and as president of several scientific societies active in this area. He is a member of a number of societies including the American Medical Association, the American Chemical Society, the Society of Nuclear Medicine, the Federation for Clinical Research, Sigma Xi and Alpha Omega Alpha.

Miss Mills graduated from the Emory University School of Nursing, Atlanta, Georgia in 1933, and was licensed as a Registered Nurse in Georgia in 1933. She holds a B.S. Degree in Public Health Nursing from Peabody College for Teachers, Nashville, Tennessee and a M.A. Degree from Teachers College, Columbia University, New York City.

Her background includes supervision in Nursing Service and in teaching and administration. As a member of the Emory University School of Nursing Faculty for twelve years, she was head of the Department of Medical-Surgical Nursing. She was Director of the Piedmont Hospital School of Nursing from 1963-1965.

She has been a member of the National League for Nursing since its inception and has held numerous state offices. She is a member of the Sigma Theta Tau National Honor Society in Nursing. Much of Miss Mills experience in collegiate nursing has included the critical study of the Nature of Professional Nursing and various research explorations in the development of designs which might yield data toward the possible development of a theory of Clinical Nursing.

Miss Elizabeth Mills, R.N., B.S., M.A.,
DEAN, School of Nursing



MR. GLENN D. SEARCY, A.B.

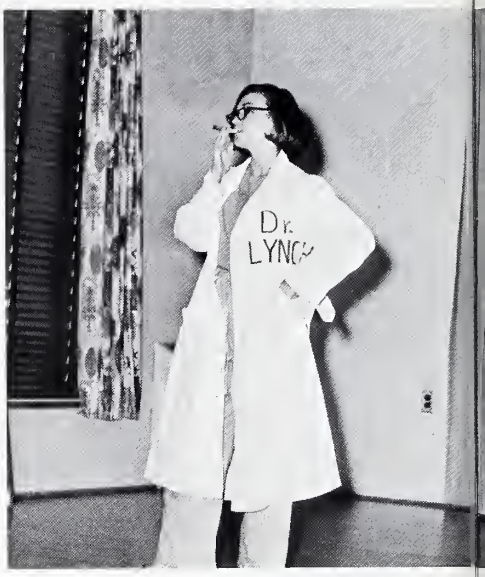
PROLOGUE

THIS WE REMEMBER -- all the confusion on the first day of school ... all the trying times in our many classes ... all the fun at the Christmas parties ... all the pride we felt in receiving our caps ... all the many projects we supported during school ...

...All the work involved in putting on a skit...all the fun in helping with the Pediatrics party...all the gossip sessions...and the happiness and tears felt on graduation day.



YEAH, BUT I'VE GOT THE BIGGEST ONE

MEDICINE

Observation and encouragement are necessities in the nursing care of patients with a medical condition. Diagnostic studies, many medications, close observation of signs and symptoms, often result in a long hospitalization.

Administration of medications. .a responsibility of the student.

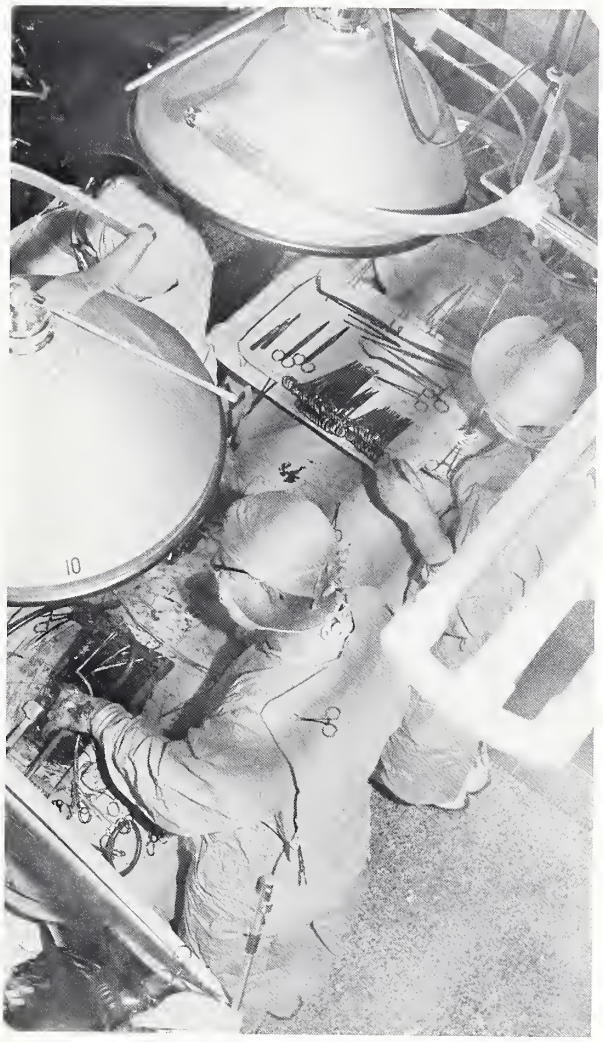
"It is just a little stick!!"

120cc per hour. . .let's see now, that will be 20 drops a minute.

SURGERY

The nursing care of patients with surgical conditions emphasizes the corrections of body functions, the control of infection, and rehabilitation of the patients.

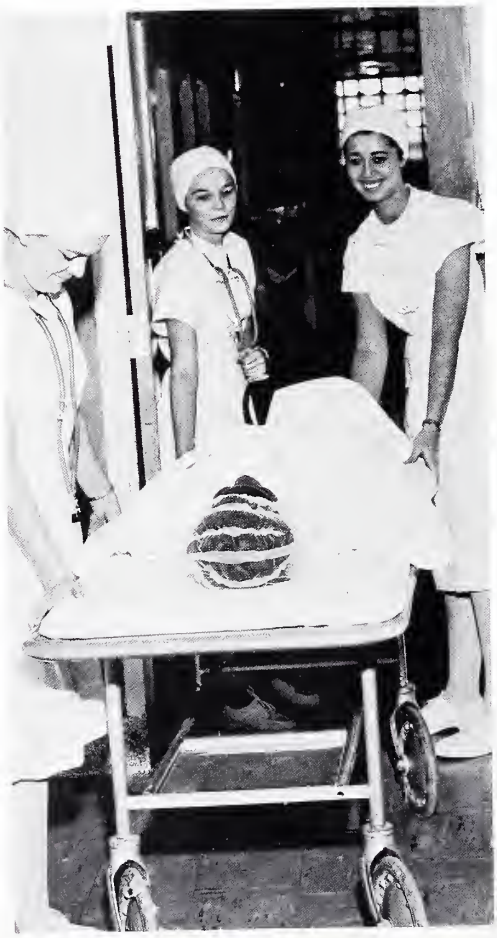
Preparing a patient for surgery



The surgical team in action

Early ambulation. . .important aspect of post-operative nursing care

The joy of holding her baby for the first time



Behind these doors. . .a new life

Proud parents

OBSTETRICS

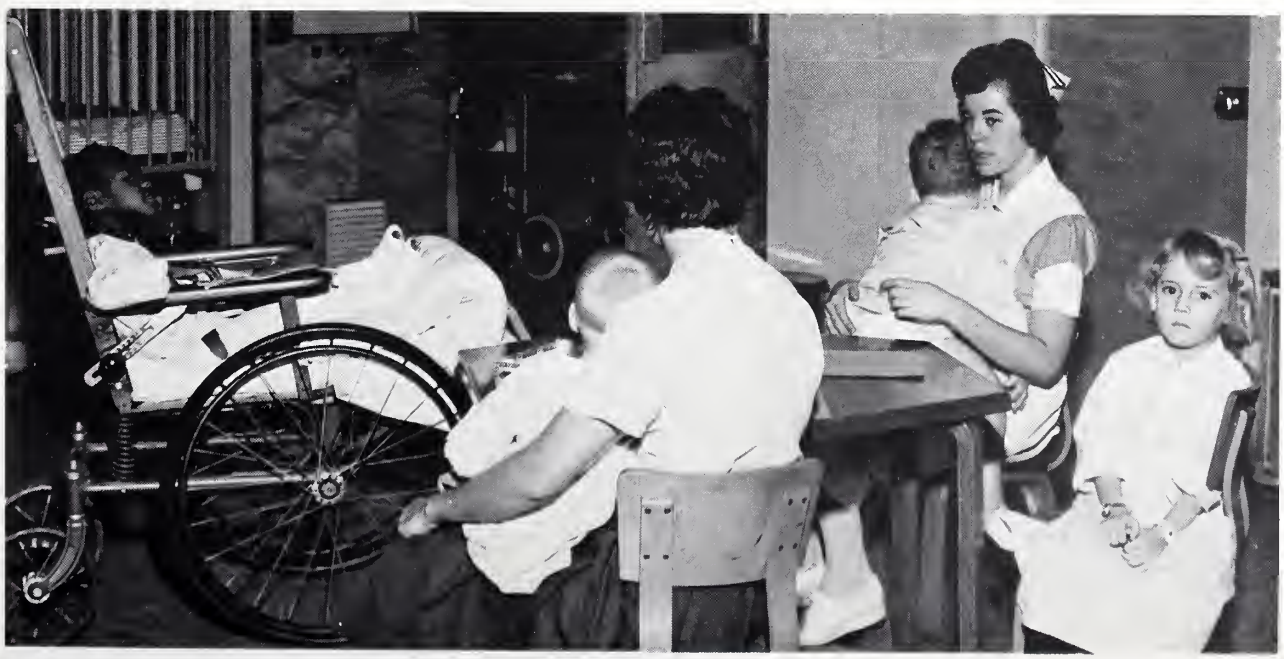
In obstetrical nursing the student has the opportunity to see the patient on her first clinic visit, in the labor and delivery room, and to participate in postpartum care. The student visits the patients at home with the public health nurse.

They are so little . . . aren't they cute!!

Why don't you go home with me?

PEDIATRICS

During her experience in Pediatrics, the student nurse cares for premature infants and sick children ranging in age from the newborn to the thirteen year old. "TLC" and play therapy are important aspects of the nursing care for these patients.



Work and play combined

The James F. Byrnes Clinic Center

PSYCHIATRY

Psychiatric nursing is one of the greatest nursing challenges to be met. The needs of these people can only be met with patience and a sincere interest in the person as an individual.

Student Government Officers

STUDENT GOVERNMENT ASSOCIATION

Government is the "right, function, or power of governing; control; rule; management." Add the word student in front of this and you have the full meaning of the Student Government Association. Without the student's help and cooperation, student government would be without value and unable to function.

THE LAMP

The staff reviews finished product.

The members of The Lamp represent each of the three classes, and all strive to gather interest from around the hospital and Charleston area. The staff has worked hard to make its projects a success while meeting newspaper deadlines at the same time. Behind the scenes of each quarterly issue there has been a search for good assignments, frustration over revisions, last minute typing, and finally the excited anticipation as the finished product comes off the press.

TRES ANNI STAFF

Delores Floyd, Assistant Business Manager, works with Gwen.

"I have got to send these pages off tomorrow!"

Much work is required in the preparation of a good yearbook, such work is behind this annual, the Tres Anni.

The staff of the Tres Anni, made of representatives from each of the three classes, meets weekly at which time everyone works on the new yearbook.

Financial support for the annual is proceeded by hard work of each member from the sale of advertisements, patrons, and proceeds from a dance and the annual "Miss Medical College Contest".

Brenda and Pat work on Faculty and Administration.

Anne assists Grace and Nancy with the Services and Activities.

Tillene and Alice arrange an attractive Feature section.

Nancy and Cleva are our freshman representatives.

Beth, Judy, and Joyce work on classes.

There is a time for work. . .a time for play.

RELIGIOUS ORGANIZATIONS

PRESIDENT
Delores Floyd

BAPTIST STUDENT UNION

Baptist Student Union, meeting every Tuesday night, is composed of Medical College of S. C. nursing, medical and pharmacy students, and also students from other nearby schools. Varied programs, often presented by the students themselves, include guest speakers, discussion groups, slides and movies. The B.S.U. is under the direction of a faculty advisor, city B.S.U. advisor and pastor advisor.

BSU Council meets once a month to plan programs and projects.

ADVISOR
Miss Beryl Rourke

A happy ending to a successful meeting

PRESIDENT
Pat Williams

METHODIST STUDENT MOVEMENT

M.S.M., a religious organization open to all denominations, strives to bring forth a close and Christian fellowship among its members.

Guest speakers bestow insight and instruction on Christian behavior as applied to the life of a student nurse. Like other religious groups, M.S.M. plays an essential role in promoting the Christian attitude.

Rev. John Younginer serves as pastor advisor and Miss Rose Shuler as faculty advisor.

The officers of MSM

Singing is a vital part of each meeting.

Henrietta gives devotional.

ADVISOR
Miss Rose Shuler

PRESIDENT
Harriet Vincent

WESTMINSTER FELLOWSHIP

Westminster Fellowship is a group of Christian young people, who meet on Thursday nights to share in spiritual growth. The members are primarily Presbyterian, but all denominations are invited and encouraged to attend.

Through our meetings we seek insight into our world problems, government affairs, and our individual lives. We realize that our lives as nurses cannot be separated from our lives as Christians and that only through fellowship with God and each other can we become strong people and capable nurses.

Recreation is enjoyed by all.

Reading scriptures is part of the program.

NEWMAN ORGANIZATION

The members of the Newman Club of the Medical College of S. C. include students from the schools of Nursing, Medicine and Pharmacy as well as Oxygen therapy and X-Ray therapy.

They meet twice a month for social and educational programs which foster stronger knowledge of their religion. Sharing meetings with those of other faiths has proven both enjoyable and worthwhile to all.

Students study and discuss Medical Ethics.

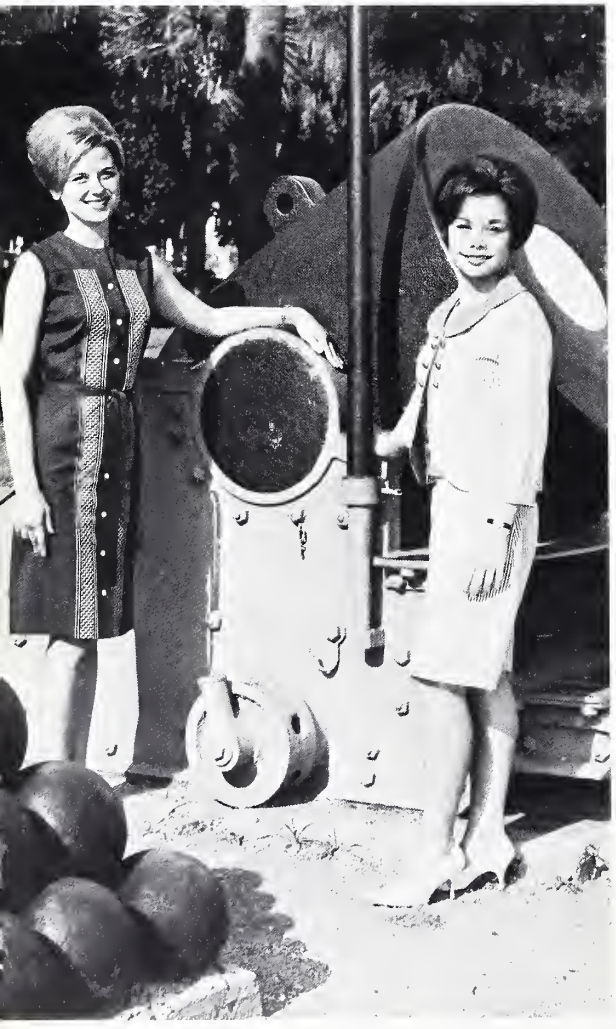
WHO'S WHO

The faculty chose these ten girls from nominees submitted by their respective classes. They were chosen on the basis of scholastic standing, personality, clinical ability, and participation in student activities.



LEFT TO RIGHT: Frankie Fairey, Sherry Milkerson. (Not pictured Marjorie Patton)

LEFT TO RIGHT: Martha McDaniels, Cleva Hanna, Jeanne Carroll

Ask not what life can give to you,

What joy it holds ahead,

But ask what special talents

You can give to life instead.

For loyal friends are only made

By friendship that is true,

As rich rewards can only come

From what we are and do

And mountain peaks are only reached

By long and hard ascent,

As happiness is only found

By hearts that seek content.

And so ask not what special gifts

Life holds beyond its doors,

But give each day your very best

And life's best will soon be yours.

In the preceeding pages of this book, we have tried to recapture the highlights of the period which have led to the student nurse donning the white cap of the professional nurse. We hope that these highlights that have been recaptured are the ones that you remember the most of this school year and are the ones that make you stop and say. . . "This I remember. . ."
